

Customer Number \_\_\_\_\_  
(MTA will complete)

Use a Preferred Carrier Freeze (PCF) to protect your choice of Long Distance carrier. With a freeze in effect, another company cannot change your long distance access without your knowledge. There is no charge for placing a PCF. Simply complete and return this form.

## Preferred Carrier Freeze (PCF) Authorization Form

**Authorization Text:** I authorize Matanuska Telephone Association to place a preferred carrier freeze for the specific services I have checked. The freeze will apply to the telephone numbers listed below.

I understand that I will not be able to make a change in the carrier selection for these services on these accounts unless I lift the preferred carrier freeze. In order to lift the freeze, I must submit a written or verbal request through any of MTA's Customer Service offices.

I understand that although the FCC rules allow a charge to be assessed for the service, MTA has opted to provide it at no charge.

In-state long distance company \_\_\_\_\_

Out-of-state and international long distance company \_\_\_\_\_

Billing name and address \_\_\_\_\_

Telephone number(s) covered \_\_\_\_\_

Signature \_\_\_\_\_ Date \_\_\_\_\_
